## **AF ISR Flight Plan**

**Implementing the Air Force Strategy...to improve ISR capability**

**U.S. AIR FORCE**

---

**Lt Gen David Deptula  
Deputy Chief of Staff for Intelligence,  
Surveillance, and Reconnaissance**

**06 July 2009**

# *Air Force ISR Transformation*

**U.S. AIR FORCE**

## VISION:

Transform AF Intelligence, Surveillance and Reconnaissance (ISR) into a set of *premier* military intelligence organizations; with the *most respected* personnel; and the *most valued* ISR capability

## APPROACH:

- **ORGANIZATION:** *Optimize presentation of Air Force ISR capabilities to other service, joint, & national users*
- **PERSONNEL:** *Develop senior Air Force ISR leaders ready for 21<sup>st</sup> Century information age warfare*
- **CAPABILITY:** *Plan, guide, and orchestrate Air Force ISR from a capability-based perspective*

***Creating an ISR enterprise where the source is transparent, analysis is predictive, and distribution is immediate***

U.S. AIR FORCE

# *AF ISR Transformation: Organization*

- **AF ISR re-organized as an AF-wide enterprise**
  - **AF/A2 designated as Deputy Chief of Staff for ISR; not just Intel**
  - **AF ISR Agency (formerly AIA) established Jun 07; aligned as an AF-wide Agency to address air, space, and cyberspace ISR issues**
  - **AF Distributed Common Ground System (DCGS) re-aligned**
    - **Global organization matched to DCGS global net-centric ISR fusion capability while retaining regional (MAJCOM) direction**
  - **Created ISR Groups combining Cryptologic and DCGS capabilities under direction of C-NAFs**

***All aimed to expand ISR as an AF-wide enterprise providing MAJCOMs & COCOMs more ISR access than ever before***

# ***AF ISR Transformation: Personnel***

**U.S. AIR FORCE**

- **Officer: Increase in number of AF Intel GOs**
  - **No AF COCOM J2 in 7-years: Building a bench for key National, Joint, and COCOM ISR assignments**
- **Civilian: Path for HQ AF, Joint, National opportunities**
  - **Codified a consistent career progression trajectory where none had previously existed**
- **Enlisted: Continuing to shape Enlisted transformation**
  - **Increasing size of UAS and DCGS-related ISR career fields over next 3 years; ramping up training pipeline (~2500)**
  - **Consolidating 36 to 14 AFSCs; new Fusion Analyst Career Field**
  - **Established an Intelligence Analysis Center**

***Crafting AF ISR career paths to match 21st Century  
ISR demands ...***

**U.S. AIR FORCE**

# ***AF ISR Transformation: Capabilities***

- **AF ISR Strategy: defines ISR way ahead—guidance, approach, goals**
- **AF ISR Flight Plan: identifies resource options to execute the ISR strategy**
- **ISR center of excellence established at Nellis**
- **Air Force Targeting Center and targeting specialty code**
- **Theater ISR CONOP: provides a joint ISR methodology**
- **Re-established AF HUMINT for service-specific requirements**
- **UAS: increased ISR capabilities in accelerated time frame**
  - **From 5 x medium-altitude UAS CAPs in 2004 to 35 today...**
  - **Transitioning to all MQ-9 force; WAAS development...10 times today's targets per platform starting in FY10 going to 65+ X more**
- **Project Liberty...37 x MC-12W with FMV & SIGINT; operating in CENTCOM today ...**

***Unified planning to integrate ISR capability development***

U.S. AIR FORCE

# AF ISR Flight Plan Purpose

**First time Air Force has assembled a single plan to integrate ISR capability development**

**ISR Flight Plan**  
15-20 years

ORGANIZATION  
PERSONNEL  
MATERIEL

**National Defense Strategy**

**2008 Air Force Strategic Plan**

**Air Force ISR FLIGHT PLAN**

**Intelligence, Surveillance, and Reconnaissance (ISR) CONOPS**

**DEFENSE INTELLIGENCE STRATEGY**

**VISION**

**Force Doctrine Document 2-9**

**Transformational Initiatives**

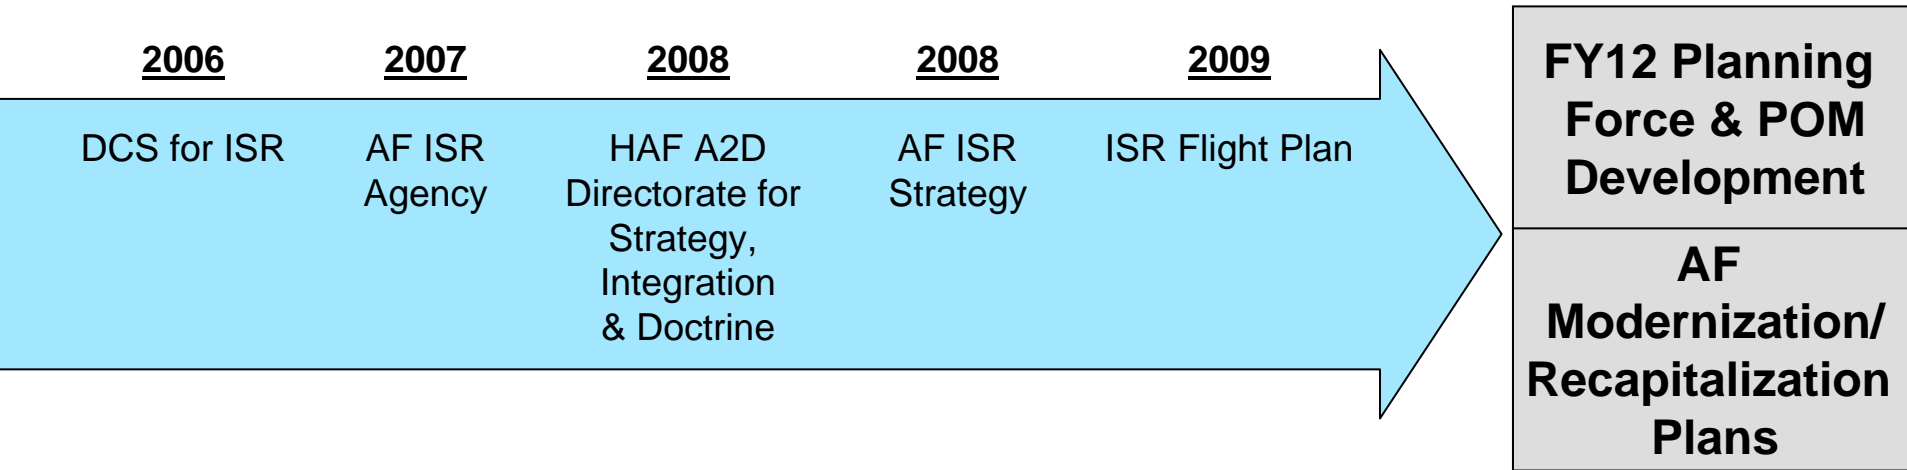

**A House Divided**

**Steering document and formal "Strat-to-Task" process to drive ISR capabilities from strategy to requirements to funding.**

U.S. AIR FORCE

# ISR TRANSFORMATION: *Maturing the Process*

- **ISR capability management divided**
- **Short-term focused**
- **Program based planning**
- **Platforms centric, evaluated independently**

- **New Service Core Function - integrated capability development**
- **Centralized ISR capability management**
- **Long-term outlook**
- **Framework established for balanced, holistic evaluation of future ISR capability solutions**

U.S. AIR FORCE

# ***AF ISR Flight Plan: Key Elements***

## **PROCESS**

- Partnering with SAF/AQ, A4/7 A5, A8, & AFMC and other MAJCOM staffs
- Tie into Capability Based Planning (CBP) and JCIDS processes
- Feeds AF POM Build Process & Def Acquisition Mgt System
- Documented by Directive & AF Instructions

## **INTERACTIVE TOOL**

- MAJCOM primary COCOM data providers
- HAF A5/A8/A2; SAF AQ primary consumers
- SIPRNET application/database
- ISR Community tool to support entire Flight Plan Process

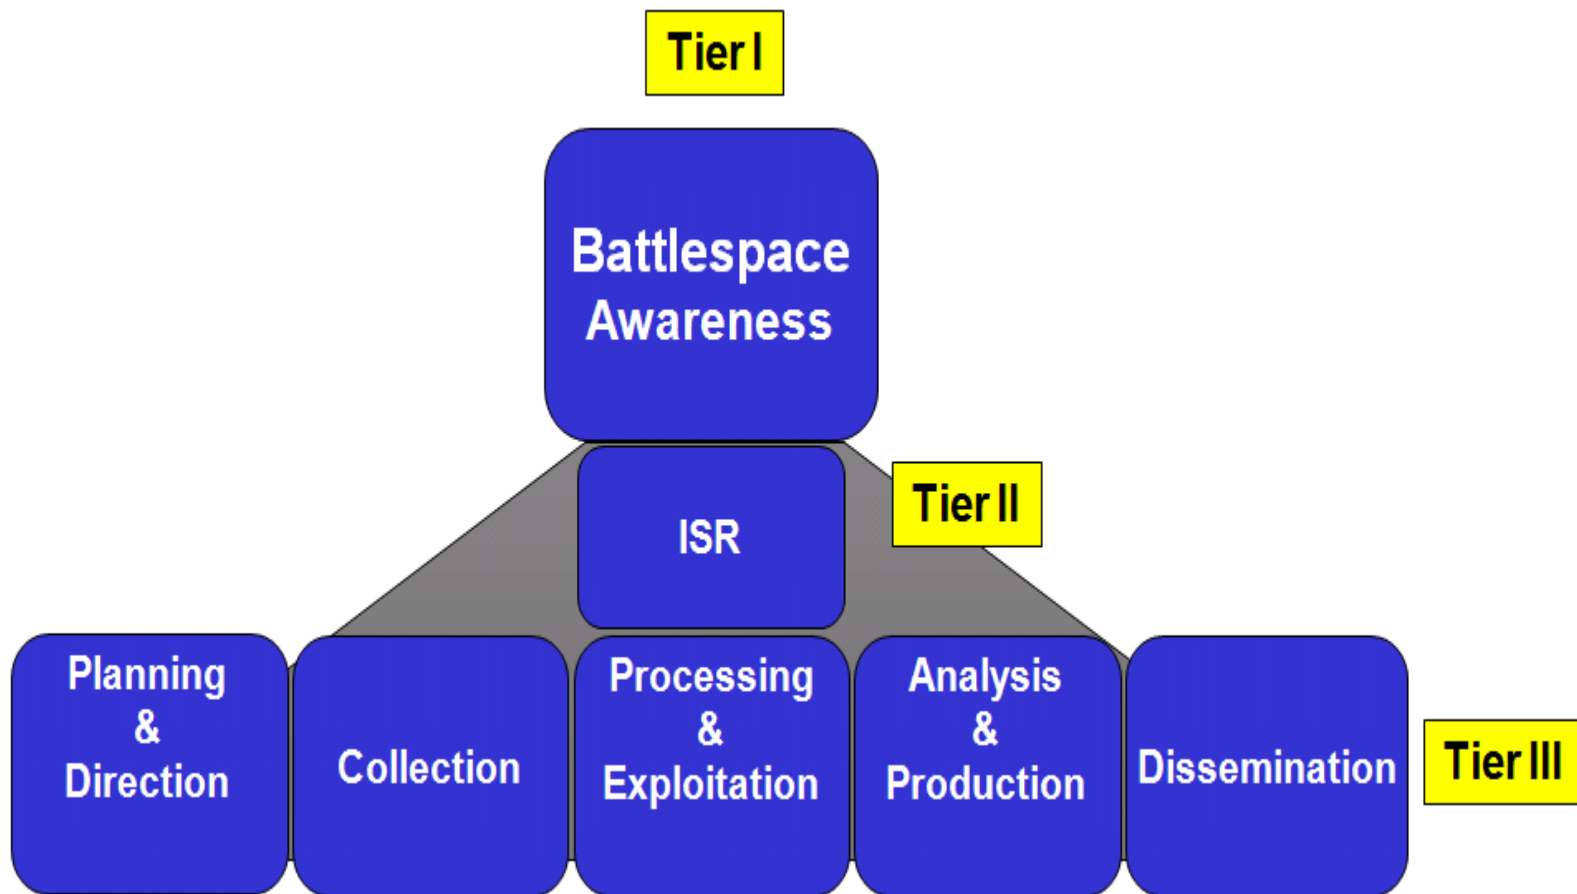

U.S. AIR FORCE

---

# ***SECDEF Vision***

- **Secretary of Defense Robert M. Gates, 6 April 2009**
  - *“Maintaining our technological and conventional edge requires dramatic change in the way we acquire military equipment.”*
  
  - *3 Fundamental Steps*
    - *“Conventional modernization goals should be tied to the actual and prospective capabilities of known future adversaries”*
  
    - *“Ensure that requirements are reasonable and technology is adequately mature to allow the department to successfully execute the programs.”*
  
    - *“Realistically estimate program costs, provide budget stability for the programs we initiate, adequately staff the government acquisition team, and provide disciplined and constant oversight.”*
